

EQS Orange Card (alternative to 'Yellow Card' training)

Operate elevated work platforms up to 11 metres and work safely at heights

OVERVIEW

Have you been asked to get a yellow card? The EQS Orange Card training is a nationally recognised alternative that provides you with nationally accredited training to operate mobile elevated work platforms (EWPs) along with working safely at heights.

Orange Card combo Scissor Lift, Boom Lift and Work safely at heights:

- RIIHAN301E - Operate elevating work platform
- CPCCCM3001 - Operate elevated work platforms up to 11 metres
- RIIWHS204E - Work safely at heights

CONTENT

This comprehensive course offers instruction on operating an elevated work platform (EWP) and understanding of the potential risks involved in EWP use.

You will learn about checking for hazards and the appropriate control measures, set-up, pre- and post-start inspections, emergency response procedures, following manufacturer guidelines for safe operation, operating in confined areas, working at elevated heights, parking procedures, conducting post-work inspections, and maintaining the EWP log book including logging faults and checking maintenance requirements.

You will also be provided with the knowledge and skills you need to work safely at heights in accordance with industry requirements.
